# HOROSCOPE

OCTOBER 16 - OCTOBER 22, 2019

### ARIES (Mar. 21-April 20)

Try not to use emotional blackmail; it will only make matters worse. You must be careful not to reveal secrets or get involved in gossip. You have bent over backward trying to help them and now it's time to let them stand on their own two feet. Renovations to your domestic scene will pay high rewards.

### TAURUS (Apr. 21-May 21)

You can deal with large institutions or government agencies successfully this week. You may want to take a look at your direction in life. You may find that someone you live with may be irritable; you're best to leave them alone. Sudden changes of heart may cause disruptions in your domestic scene.

### GEMINI (May 22-June 21)

You may find that your documents are not in order. Relationships will be emotional this week. You can develop your creative talents if you take the time to practice your art. You need an outlet.

### CANCER (June 22-July 22)

Involvement in groups will be favorable and lead to valuable information. Your ability to dazzle others with your unique and innovative ideas will attract attention. Rid yourself of that which is old and no longer of use. You should make sure that your personal papers are in order.

### LEO (July 23-Aug. 22)

Deception and confusion regarding your status in society is likely. Your mate will be pushing you to do things that you really don't want to do. Don't avoid situations that may deteriorate; try to mend them. You can pick up some overtime this week.

### VIRGO (Aug. 23-Sept. 23)

Romance can surface if you get into some of those fitness programs you've been putting off. You may have been too agreeable to someone who just wanted to use you. Overindulgence will mean poor health. Changes in your home will be positive. Property in vestments should payoff.

### LIBRA (Sept. 24-Oct. 23)

Any capricious behavior will confuse loved ones and your mood swings will result in loneliness. Large organizations may try to talk you out of your hard-earned cash. You'll find it easy to upgrade your environment by redecorating or changing your residence. Consider a conservative investment that will stay solid when everything else goes sour.

### SCORPIO (Oct. 24-Nov. 22)

Your self esteem will benefit. Friends will be loyal and caring. Opportunities to make advancements through good business sense are evident. You may find it difficult to discuss personal matters with family members. Take a look at the possibilities of starting a small part time business with friends or relatives.

### SAGITTARIUS (Nov. 23-Dec. 21)

You mustn't be so trusting. Your determination and sheer desire to do your own thing will be successful. Stabilize your own position by locking up your savings. You have more than enough on your plate already.

### CAPRICORN (Dec. 22-Jan. 20)

Don't press your luck with your loved ones. Your passionate nature may make you jealous if your mate has been too busy to take care of your needs. Involvement in groups will be favorable and lead to valuable information. Don't let relatives get the better of you.

### AQUARIUS (Jan. 21-Feb. 19)

You can certainly gain popularity; however, don't do it by paying for everyone else. You can become obsessed with detail and must be sure to divide your time appropriately. Confusion is apparent and you'll need some sound advice if you want to do the right thing. You can meet someone who will become very dear to you if you get out and socialize.

### PISCES (Feb. 20-Mar. 20)

You can make favorable real estate offers this week. You can dazzle members of the opposite sex with your quick wit and aggressive charm. Keep a lookout for any individuals eager to confront you with unsavory situations. You may find that children are not as accepting as you have been.

## PREVENTATIVE MAINTENANCE NOW CAN HELP ENSURE WORRY-FREE DRIVING THIS WINTER, PT. 2

**BATTERY:** The only accurate way to detect a weak battery is with professional equipment. But do-it-yourselfers can do routine maintenance. Scrape away corrosion from posts and cable connections; clean all surfaces; re-tighten all connections. If battery caps are removable, check fluid level monthly. A word of caution: Be sure to avoid contact with corrosive deposits and battery acid. Wear eye protection and rubber gloves. Note too that removal of cables can cause damage or loss of data/codes on some newer vehicles so refer to your manual for instructions.

**LIGHTS:** Inspect all lights and bulbs; replace burned out bulbs; periodically clean road grime from all lenses with a moistened cloth or towel. To prevent scratching, never use a dry rag.

**EXHAUST SYSTEM:** Your vehicle should be placed on a lift and the exhaust system examined for leaks. The trunk and floorboards should be inspected for small holes. Exhaust fumes can be deadly.

**TIRES:** Worn tires will be of little use in winter weather. Examine tires for remaining tread life, uneven wearing, and cupping; check the sidewalls for cuts and nicks. Check tire pressure once a month. Let the tires "cool down" before checking the pressure. Rotate as recommended. Don't forget your spare, and be sure the jack is in good condition.

**EMERGENCIES:** Carry gloves, boots, blankets, flares, a small shovel, sand or kitty litter, tire chains, a flashlight, and a cell phone. Put a few "high-energy" snacks in your glove box.

## SERGEANT STUBBY

Submitted By Patsy Nelson  
from The Wagging Tail

After my article last week based on information from "Family Dog" magazine, I decided to learn more about this rescued bull terrier-mix dog who became such a hero during and after World War I, and the most decorated dog in American history.

One of the members of the 102nd Infantry Regiment training on the grounds of Yale University, became enamored with this stocky little dog that kept hanging around. Twenty-five-year-old Robert Conroy started to care for the dog with the stubby frame and tail. And with the encouragement of his buddies snuck him on the ship to France. They even taught him to raise his paw in "salute". When the commanding officer discovered the dog's presence, Stubby saluted him and the dog instantly won him over and became the official mascot of the Yankee division.

Stubby became indispensable to the men, his keen sense of smell located wounded soldiers, and saved an entire company who put on their masks when he alerted them about a mustard gas attack. Stubby served for about eighteen months, partook in four offensives and 17 battles. Stubby nursed Robert through the Spanish flu, and Stubby, at one point, did get seriously wounded. And he even went AWOL for a month before returning to the regiment. His greatest achievement, which won him the Iron Cross Medal, was his capture of a German spy approaching his sleeping Americans. He held onto the German's breeches, until help arrived.

Following the war, still with his pal Robert, Stubby was in countless parades, met with Presidents Wilson, Coolidge, and Harding, and honored by the Humane Education Society-an animal protection organization. He became the mascot of a sports team at Georgetown University in Washington, D.C. Stubby was given the unofficial rank of Sergeant Stubby, over-ranking Robert. Stubby had his portrait painted by Charles Ayer Whipple, artist of the capitol and had the distinction of being photographed with General Pershing. In 1926, Stubby died in his owner's arms, and a whole-half page obituary was written in the New York Times, 8 1/2 by 15 inches, more type than most dignitaries at the time, and very very impressive. You can see the entire obituary online.

An animated movie was made about Stubby in 2016. The director, Richard Lanni, felt that the story of Stubby was a perfect vehicle to bring history alive to children, "he was an amazingly inspirational character for a little dog, and children relate to animals." Richard Lanni, when asked if people know that much about a war that happened in Europe over 100 years ago, answered "I think that Stubby-in his own little way-can really play a part in stopping people from forgetting. I look at audience comments from our US viewers, for example, and they say that children wanted to know more about the First World War after watching the film."
