NUTRITION, WEIGHT LOSS & FITNESS

30 MINUTES A DAY

As a general goal, aim for at least 30 minutes of moderate physical activity every day. If you want to lose weight, maintain weight loss or meet specific fitness goals, you may need to exercise more.

Researchers found moderately overweight men who exercised hard enough to sweat for 30 minutes a day lost an average of 8 pounds over three months compared to an average weight loss of 6 pounds among men who worked out for 60 minutes a day. The overall loss in body mass was the same for both groups, almost 9 pounds.

Some studies show that high-intensity interval training (HIIT) can burn as much as 450 calories per 30 minutes.

Exercising every day is great! As long as you're not pushing yourself too hard or getting obsessive about it, working out everyday is fine. Make sure it's something you enjoy without being too strict with yourself, especially during times of illness or injury. Look at your motivation behind wanting to work out every day.

You should be promoting your ideas. Exercise programs will be effective. Travel will be on your mind, but you should be sure that you've got all your work up-to-date. You may find yourself interested in more than one person.

TAURUS (Apr. 21-May 21)

Make changes that will heighten your appeal. Try to visit a country that excites you. You are ready to blow up and your stress level has gone into over drive. Younger relatives may seek your advice.

GEMINI (May 22-June 21)

Entertainment should include sports events or physical activities. Try not to argue about trivial matters. Unpredictable events will disrupt your routine. You will have the discipline and fortitude to accomplish what you want this week.

CANCER (June 22-July 22)

Real estate investments will be profit able. Travel will be good if you are seeking knowledge. You may be upset if someone has borrowed something that belongs to you. You may find a rare antique this week.

LEO (July 23-Aug. 22)

You should spend your day trying to get things completed at work. Put aside any decisions concerning your position at work. Try to avoid functions that will bring you in contact with those you find difficult to get along with. Your high energy will enable you to enlist the help of those in a position to back you.

VIRGO (Aug. 23-Sept. 23)

Do not expect others to do your work. Take time to make physical improvements that will enhance your appearance. Your irritability may drive your loved ones crazy. You will have a productive day if you organize yourself well at work.

LIBRA (Sept. 24-Oct. 23)

Look into alternatives that would better suit both your needs. Don't let someone you work with put words in your mouth. You might want to spend some time by yourself in order to decide exactly how you feel. You will have the ability to capture the interest of others.

SCORPIO (Oct. 24-Nov. 22)

Think about taking the time to complete unfinished domestic chores. You may want to take extra special care of your luggage if you are traveling this week. Do your own research and be prepared. Try to slow down, and take another look.

SAGITTARIUS (Nov. 23-Dec. 21)

Spend a quiet day with the one you love. Your unique approach to life will interest others. Educational pursuits should help you develop your hobbies. Changes to your self image will be to your benefit as long as you don't over play.

CAPRICORN (Dec. 22-Jan. 20)

Time is money and you must be ready to take action in order to reach your highest potential. Try to keep your cool; you may be a tad frazzled by all the rushing around. Try to keep to yourself; work diligently on domestic chores and responsibilities. Take the time to do your job correctly or you may find yourself looking for a new one.

AQUARIUS (Jan. 21-Feb. 19)

Pleasure trips will ease the tension between you and your mate. Try not to be too harsh with loved ones; there will always be two sides to an issue. Put your thoughts on paper. Involvement in fitness clubs will be conducive to engaging romantic connections.

PISCES (Feb. 20-Mar. 20)

Hassles with your boss are sure to erupt if you speak your mind. Interaction with colleagues will only be upsetting. Emotional deception is evident. Mingle with those who have similar interests, and you should be able to start something.

SEASHORE GARDENS FOUNDATION

Dear Friend,

Seashore Gardens Living Center is facing a crisis unlike anything in our 104-year history as a non-profit Jewish Home for the Aged. We are pleading for your help.

COVID-19 has caused a once-in-a-century threat to our mission of enriching elder lives. Like the little boy holding his finger in the dike, we are struggling daily to hold off the torrent of costs that could force us to close our doors. We now find ourselves in "the perfect storm." We have an outbreak in our building. We are facing staffing challenges due to quarantines and shortages. We are continuously having to purchase PPE and our fractured medical records system is in need of updating. We are in desperate need of your help to overcome these challenges and weather these perilous times.

We have faced COVID-19 with resolve and resiliency for almost a year.

For so long, we were able to keep our staff's COVID positives to a minimum and our residents' virus-free. We watched the crisis grow all over the country and heard the stories of the toll that COVID-19 was taking on nursing homes. This virus has disproportionately affected the elderly and frail—the very people in our care. We were cautiously proud of our accomplishments and continued to be proactive. Two weeks ago, we had our first resident test positive for COVID in this outbreak and quickly found out that no matter how diligent you are, this virus spreads quickly through homes like ours.

Vaccinations are a great first step, but they don't protect against our financial challenges.

We held our first vaccination clinic in early January and our second vaccination clinic just this week. Now that we are facing the realities of the virus in our building, we are grateful for that extra layer of protection. With your help, we can continue to survive and provide quality care for our residents.

We are not an organization that has ever "cried wolf."

We have never had to make an appeal for our very existence. We have never needed the help of our community more. While it is impossible to know the extent of the financial impact this past year and current outbreak will have, we estimate it to be anywhere from \$500,000 to a million dollars. The Board of Directors and Staff of the Seashore Gardens Foundation and Living Center are determined to provide relief to our frontline staff and beloved residents until we can restore normalcy to our beloved Home.

Please help us. Contact Sharon D'Angio at (609) 748-4614 to learn how, or [donate online](#). You have the power to ensure our future and make a difference.

Sincerely,

Richard Cohen

Disposable single-use menus are the safest option for restaurants because they ensure there's no point of contact between customers. A disposable menu may differ somewhat from your typical dine-in menu presentation, as it's limited to a single sheet. Many restaurants are trimming costs by temporarily offering a limited menu. Need help making everything fit? Our Design Team will help you adapt your current menu to a single-use design.

Celebrate National Library Week April 4-10

The Atlantic City Free Public Library encourages all community members to explore and access virtual services and programs available at its website – www.acfpl.org – during National Library Week, which runs April 4-10. The theme for this year's National Library Week is "Welcome to your library," which promotes the idea that libraries extend far beyond the four walls of a building and that everyone is welcome to use their services. Whether people visit virtually or in person, libraries are accessible and inclusive places that foster a sense of belonging and community through learning, discovery and exploration. During these challenging times, libraries of all types have been going above and beyond to adapt to our changing world by expanding their resources and continuing to meet the needs of their patrons. Libraries across the country are making a difference in people's lives by providing electronic learning resources, such as online homework help. Since COVID-19 began to impact the country early last year, the Atlantic City Library has supported the community with the additions of the hoopla digital streaming media service, WiFi availability outside of the library, contactless Curbside Pickup Service, mobile printing, virtual programs for all ages, new premium eResources, library eCards and more. Those who would like to utilize the library's services and resources in-person are able to do so. The Main Library is open Wednesday through Saturday, and Richmond Branch on Tuesday. The hours for both locations are 9:30 a.m.-1 p.m. and 2-4:30 p.m. During National Library Week, the public can show its appreciation and support by visiting www.acfpl.org or one of our library locations, following the library on social media and using the hashtag #NationalLibraryWeek in social media posts.

THE TRUTH COMES OUT ABOUT DCM AND GRAIN-FREE PET FOOD

Submitted By
Patsy Nelson
from The Wagging Tail

Those of you who are customers and read my articles or have asked my opinion about Dilated Cardiomyopathy and the hype relating to grain-free foods, including targeting the reputable brands we sell, know that I adamantly claimed it was "bull hockey." But the vets and the media got on board and scared the hell out of so many conscientious pet owners who for two years were warned that they could potentially cause their pets to have enlarged hearts by feeding grain-free foods. In 2018, the FDA made elaborate claims that sent the pet industry on a two-year whirlwind as retailers and manufacturers alike scrambled to clarify the information. I did extensive research and wrote at least three lengthy articles debunking this outlandish theory. Allow me, please, to pat myself on the back, as the latest data confirms my stand.

In the December 2020, issue of Pet Business Magazine (it took knee replacement surgery for me to peruse back through issues) the editor, Mark Kalaygian, noted, 'The FDA Center for Veterinary Medicine (CVM) finally conceded that it has found no evidence that grain-free foods (including those that contain legumes like peas, chickpeas and lentils) are inherently dangerous and that dilated cardiomyopathy is a scientifically complex, multifaceted issue' involving more factors than the food alone. Of course, the CVM made much ado about accusations, yet little to notify the public of exonerations! Accordingly, Kalaygian stresses the importance of us retailers to help educate pet owners and the veterinary community. Pet owners need to know, as well, that DCM only impacts about one percent (that's 1% of pets) while cancer affects more than 25%, and obesity 33%.

Hopefully the end result will be a better communication between the FDA and the pet food industry. Dr. Bob Goldstein, a veterinarian and the co-founder of Earth Animal, which we carry, feels that the FDA, 'especially from this latest meeting, has learned its lesson and now, going forward, they will begin to report in a proper way that's truthful and not damaging to pet brands.' The FDA has caused a lot of confusion and distrust, being a regulatory department of pet food. On the upside, the FDA has apologized and is more willing to work with the veterinary and pet community to gather data." I have encouraged all along that my customers, and those reading my reports, be confident in continuing to use our grain-free foods on which their pets had been thriving.

Thank you to those who support our store.
It is very challenging with all the competition.
We need all the help we can get to stay here for you.

ROGUE

Rogue is a 3 year old 40 lb Pomskey. She's very sweet and social, but needs a home without small animals or cats. She also LOVES to run so a fenced yard is recommended. Rogue plays to with other dogs, so a home with a fur friend would be nice for her.

The Seeing Eye breeds puppies specifically to be guide dogs for the blind. Only dogs that are bred, raised and trained by The Seeing Eye have the right and privilege to be called "Seeing Eye Dogs." Until a Seeing Eye dog is ready for training, he or she lives with a puppy raising or foster family that gives the dog love, gentle guidance, and consistent care. These volunteers nurture their puppy to accomplish its special destiny. Their foster families teach basic obedience and expose them to a variety of social situations they will later encounter as working dogs. PPAWS (People & Puppies at Work for Sight) is a dedicated group of local families from Atlantic and Cape May Counties, which raise these amazing puppies for The Seeing Eye.

PPAWS is always looking for more people to help raise these amazing puppies. For more info, contact Peter at (609)804-8774.

The Wizard of Odds

The "Wizard of Odds" is a local casino maven who has firsthand and accurate inside information on the best and worst casino deals in Atlantic City. If you follow the Wizard's advice in patronizing the best and avoiding the worst casinos, your money will last longer, and you will have a better chance to win. This week's feature is about how "Caesar's - Downfall of a Great Empire!"

As your consumer-oriented gaming advocate, the "Wiz" developed the above "Best of Atlantic City" casino list. On the other hand, he is obliged to accurately report on the flaws and shortcomings of various properties in our casino town.

In the beginning, Caesar's Boardwalk Regency was the crème de la crème of casino gaming. It catered to the elite of our visitors including many high-rollers. Unfortunately, the iconic leader has fallen upon hard times with changes in ownership. Our recent visit there was a real "bummer." Here are some of the reasons why so:

Although it is not their fault, it is very difficult to get there due to debris from the needless demolition of the next-door Trump Plaza blocking Pacific Avenue. Hopefully fixed before the coming high-season. It looks like there are fewer and fewer slots available on their casino floor with many gaping holes and unused spaces that use to have them. Gone are many of the popular video poker machines such as Spin Poker. They only had two video poker slots with meters on Caesar's casino floor. Their \$1,000 slot is long gone.

Of particular concern is Caesar's clientele what has gotten noticeably rougher by dress and demeanor. In 1978 Resorts International had a dress code mandating a jacket and tie for men during evening hours. The casino marketing genius Dennis Gnomes imposed a dress code for guests with the opening of The Quarter at the Tropicana Casino in 2005. The Borgata now deserves the above "Best" ratings on both clientele and security, which are related. Caesar's is getting "seedy" looking and understaffed. We only saw one security guard in our most recent visit when we saw dozens on duty at The Borgata.

Caesars sent us a measly \$10 in free slot play offer. Upon placing our 7-Star player cards in the slot the message read "congratulations you have earned a \$10 bonus", but hold on. The machine did not deliver either of our offers. It took over a half hour for a slot attendant to respond to our request for service and he could not help.

On the way out, we noted that the valet return was staffed by a single person who had to do it all including running down the garage to drive our car back to us. While we were waiting, we checked the kiosk by the valet cashier and it said, "no offers" and worst yet, no comps. What happened to hundreds of dollars in the "Wiz's" account? The downfall will cease when Caesar's earns some "Best" ratings. Stay tuned.
